**DESCRIPTION**

FIG. 1 is a top plan view of a patient interface gripper for  
ophthalmic laser surgery showing my new design;

FIG. 2 is a bottom plan view thereof;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a side elevational view of the left side of the patient  
interface gripper for ophthalmic laser surgery oriented as in  
FIG. 1;

FIG. 5 is a rear elevational view thereof; and,

FIG. 6 is a left rear perspective view of the patient interface  
grripper for ophthalmic laser surgery showing my new  
design.
